

Our 300+ Participants got certified from ASQ in last twenty exams!

Get a breakthrough in your career!

QC Services

World Class Six Sigma Black Belt Training

Online Batch
Starting from 3rd October 2020

Certification Exam by

**American Society for Quality (ASQ)
Certified Six Sigma Black Belt Examination**

(You will get Q C Services Certification. Examination will be conducted after training program completed. ASQ examination is the global examination which will be held between January 1 - 31, 2021. ASQ is additional certification which you may appear after the training completed if you wish to)

Introduction

Six Sigma

Six Sigma is a Top Management driven formal process that uses a variety of business process improvement tools, including Statistical Tools. Variability and variations are a source of loss of productivity, customer dissatisfaction with the product / service, increased cost and delays in delivery. Six Sigma is a customer driven top management led battle against variability and variations of all types using the DMAIC (Define, Measure, Analyze, Improve, and Control) methodology. This standardized approach, if applied throughout the organization, can lead to substantial reduction of variability and variations by creating sensitivity for noticing, analyzing and reducing variability and variations to a predetermined standard for the organization (the Six Sigma scale). It inculcates the approach of economic and innovative solutions by involving all the concerned persons, with appropriate training and teamwork.

American Society for Quality (ASQ)

ASQ Certification

Certification is formal recognition by ASQ that an individual has demonstrated proficiency within and a comprehension of a specified body of knowledge at a point in time. It is peer recognition and not registration or licensure. Since 1968, when the first ASQ certification exam was given, more than 1,00,000 individuals have become certified through ASQ, including many who have attained more than one designation. Although ASQ membership is not a prerequisite for certification, most of the people who hold one of these designations do belong to the Society. Certification ranks as one of the top benefits of ASQ membership.

Only about 1000 candidates have obtained ASQ Six Sigma Black Belt Certification so far in India, and they are in great demand! Over 300 of these are trained by QC Services!

Six Sigma Black Belt training Details

- **Eligibility : FOR ASQ Certification**
 - For ASQ exam:-Submission of affidavit from project sponsorer for having completed at least one improvement project successfully. The sponsorer may be employer or from friendly organization.

- The improvement can be in terms of cost, defects, design, cycle time, etc.
 - Two project affidavits required for candidates having less than three years of experience.
- **Study Material & Project Guidance :**
- QC Services will provide Handouts of the presentation used for training
 - Guidance for submitting project affidavit to ASQ will be provided.
- **Minitab Training:-**
- One day is reserved for Minitab Software training and practice which is required for Black Belts.
- **Date:**
- Program:** Every Saturday-Sunday, starting from 3rd October 2020
- **Time :** 9 Weekends (2 hours Saturday evening IST & 3 hours Sunday morning IST)
- **Venue:-** Online Training
- **Costs :**
- QC Services training charges are **Rs 36,000/-** All Inclusive. This includes training, certificate, training material
 - ASQ exam charges are **US \$538 (Optional)** payable separately by candidates if he/she wants to appear for ASQ.
 - ASQ Exam charges can be paid in INR to ASQ India for details visit www.asq.org.in
- **Requirement:**
- Laptop and internet connectivity
- **Exam Center :**
- ASQ Examination :This is an online exam which can be given Between January 1 - 31, 2021
- **Additional Information :**
- Visit www.asq.org for more details. Also contact us for syllabus and registration form.

Contents of Six Sigma Black Belt Body of Knowledge for ASQ Examination

I. Enterprise-Wide Deployment

- a. Enterprise-wide view
- b. Leadership

II. Organizational Process

Management and Measures

- a. Impact on stakeholders
- b. Critical to x (CTx) requirements
- c. Benchmarking
- d. Business performance measures
- e. Financial measures

III. Team Management

- a. A Team formation
- b. Team facilitation
- c. Team dynamics
- d. Time management for teams
- e. Team decision-making tools
- f. Management and planning tools
- g. Team performance evaluation and reward

IV. Define

- a. Voice of the customer
- b. Project charter
- c. Project tracking

V. Measure

- a. Process characteristics
- b. Data collection
- c. Measurement systems
- d. Basic statistics
- e. Probability
- f. Process capability

VI. Analyze

- a. Measuring and modeling relationships between variables
- b. Hypothesis testing
- c. Failure mode and effects analysis (FMEA)
- d. Additional analysis methods

VII. Improve

- a. Design of experiments (DOE)
- b. Waste elimination
- c. Cycle-time reduction
- d. Kaizen and kaizen blitz
- e. Theory of constraints (TOC)
- f. Implementation
- g. Risk analysis and mitigation

VIII. Control

- a. Statistical process control (SPC)
- b. Other control tools
- c. Maintain controls
- d. Sustain improvements

IX. Design for Six Sigma (DFSS)

Frameworks and Methodologies

- a. Common DFSS methodologies
- b. Design for X (DFX)
- c. Robust design and process
- d. Special design tools

About US

OUR PROFILE

QC Services, established in 1984, is a Premier Quality & Productivity Management consultancy organization.

We have highly qualified & experienced consultants / trainers who have vast experience in implementing various modern management techniques in manufacturing & service sector. Our consultants have worked with organizations in India and abroad.

We are leading consultants in service sector for implementation of Advance Statistical Methods for process improvement and modeling for implementing CMMI level 4 /5 version 1.2.

During last ten years we have trained over 1000 Black Belts & over 300 have achieved ASQ Black Belt Certification and over 450 have obtained certification by Six Sigma Management Institute, USA.

QC Services was closely involved with Mahindra & Mahindra, Farm Equipment Sector, during their implementation of Deming Award.

A proven track record of implementing

- Six Sigma
- Lean
- Statistical Process Control
- Design of Experiments – Classical & Shainin Methods
- Single minute Exchange of Dies
- Employee Involvement through Quality Circles, Kaizen
- TQM
